BLFA

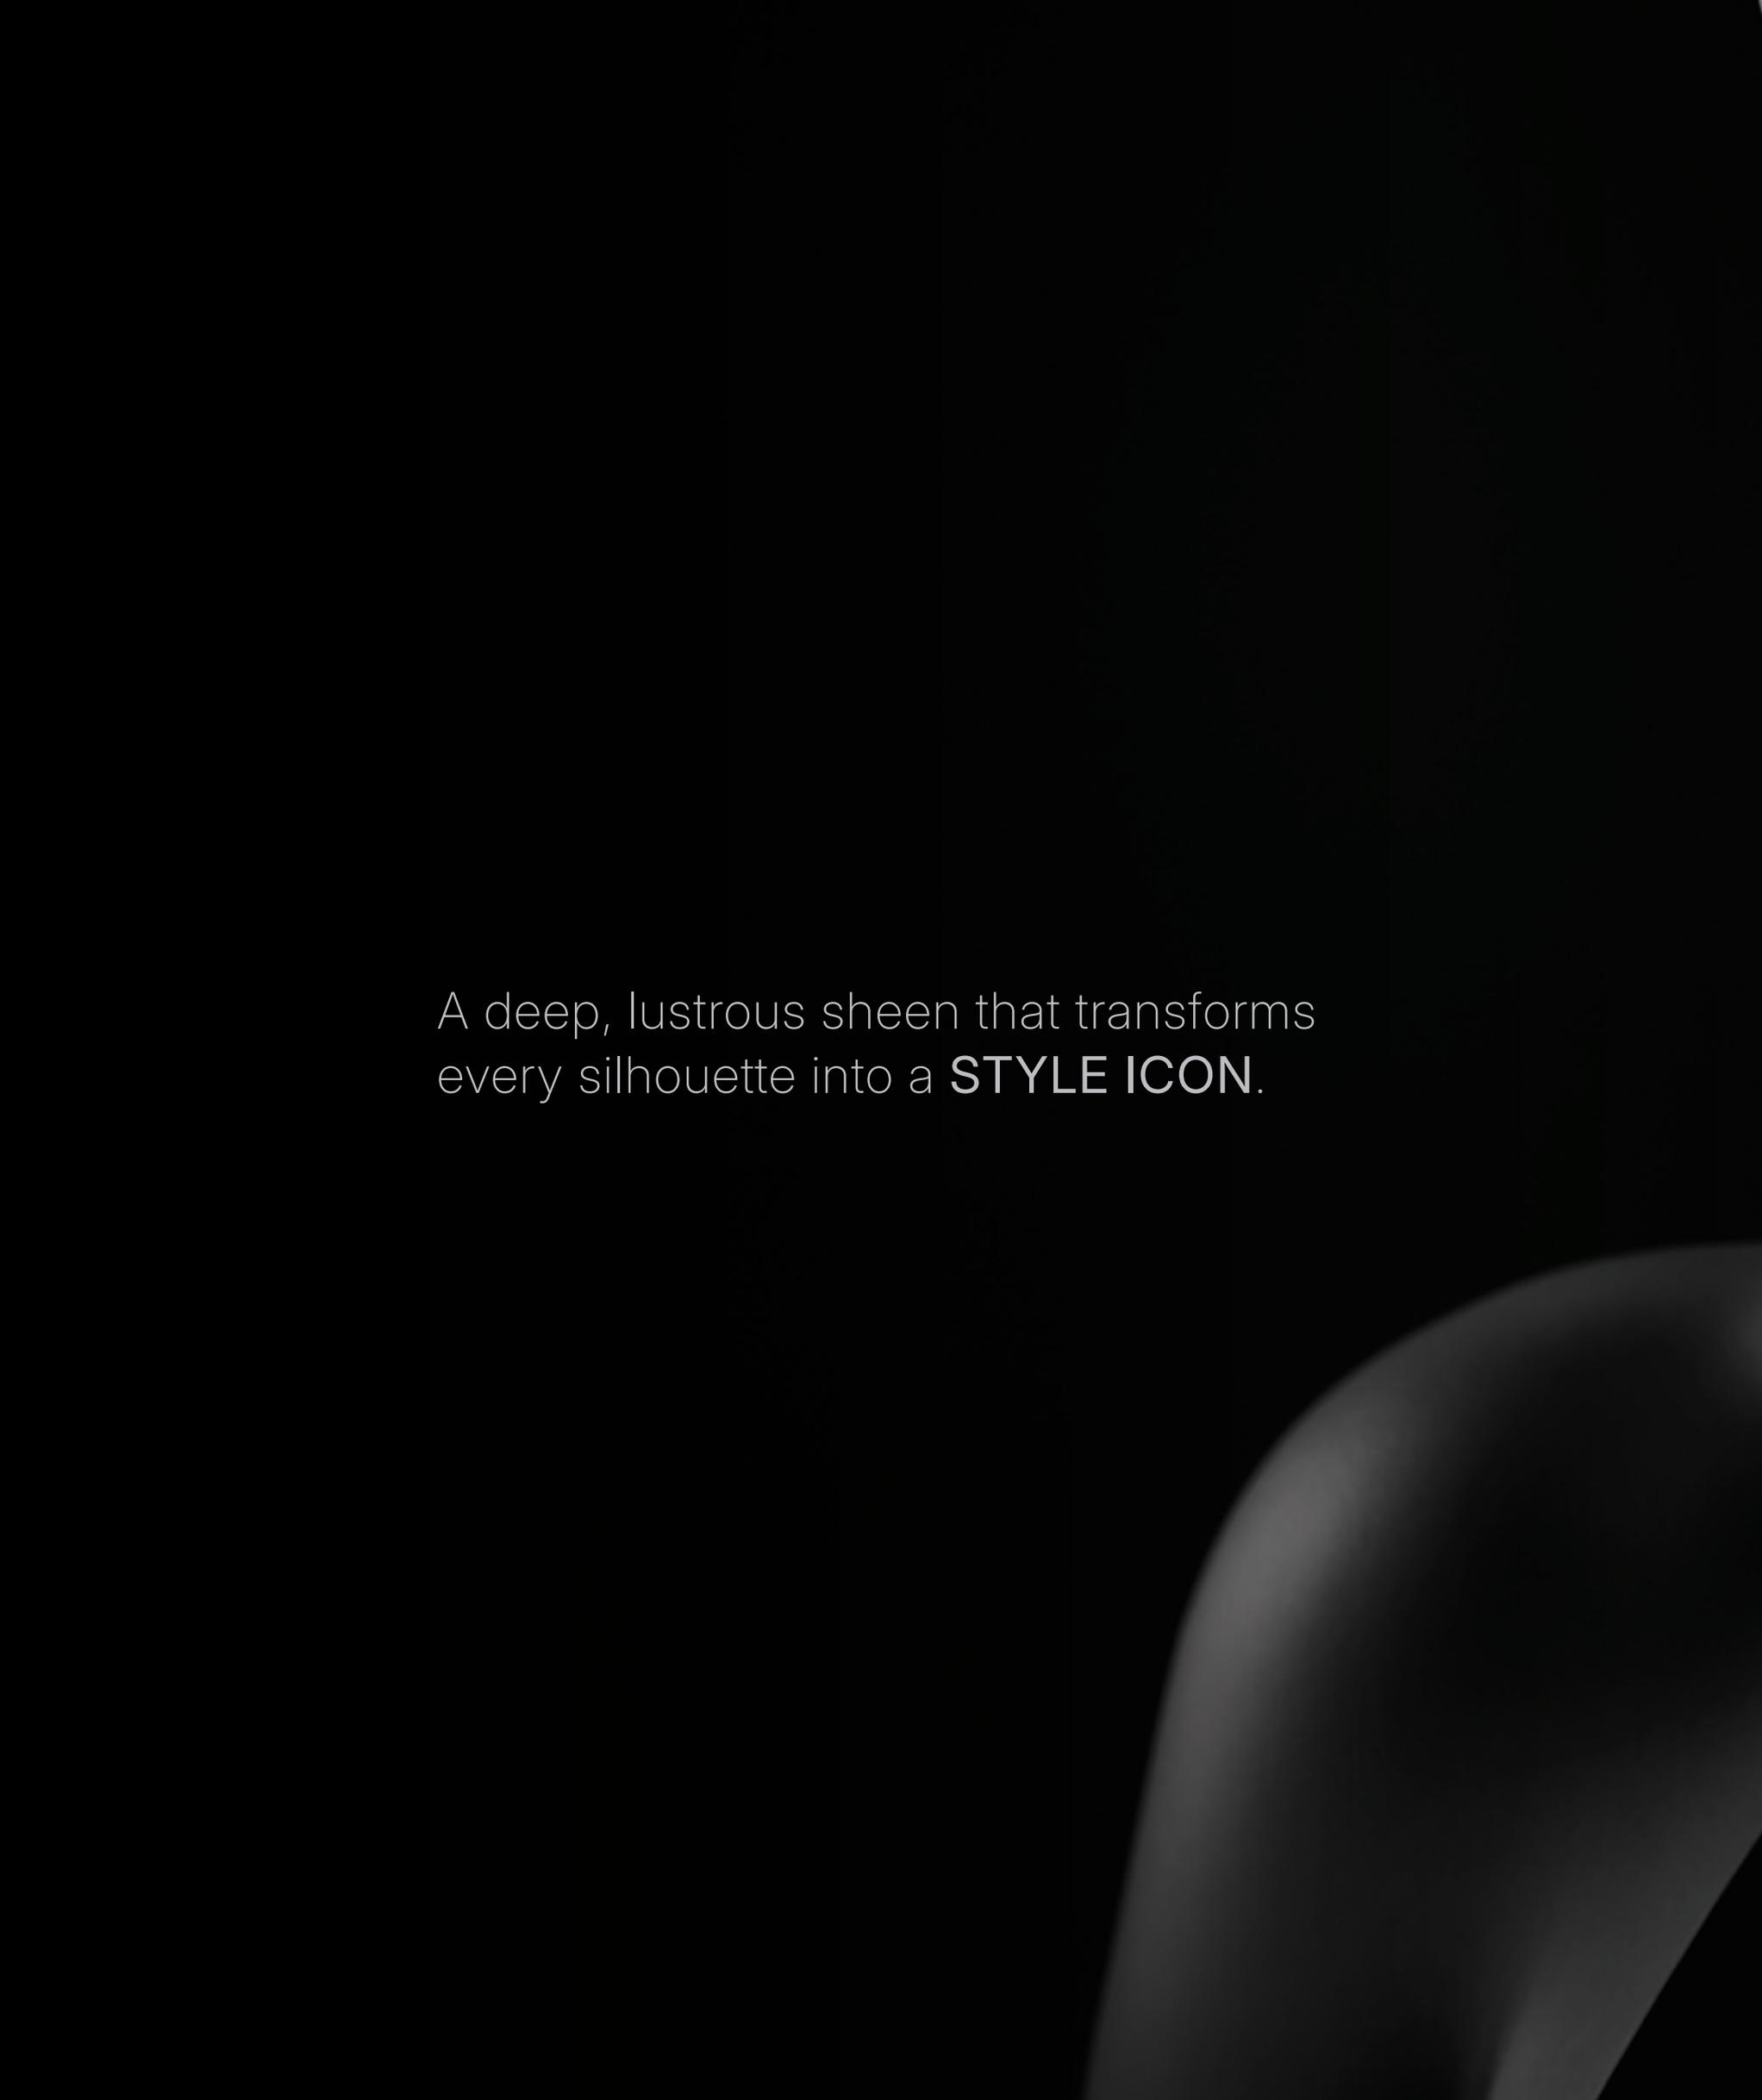

A DISTINCTIVE AESTHETIC

Black is timeless. Black is beautiful.

In a radiant new black gloss finish, Artize introduces a captivating dimension to its most iconic faucet collections, elevating each curve and contour with a lustrous sheen. Now available in VIC, Tailwater, Confluence, Linea, Tiaara and Navia, Artize faucets clad in glossy black transform everyday touchpoints into refined expressions of design, reflecting a passion for detail that makes your bath space a true work of art.

A deep, lustrous sheen that transforms every silhouette into a **STYLE ICON**.

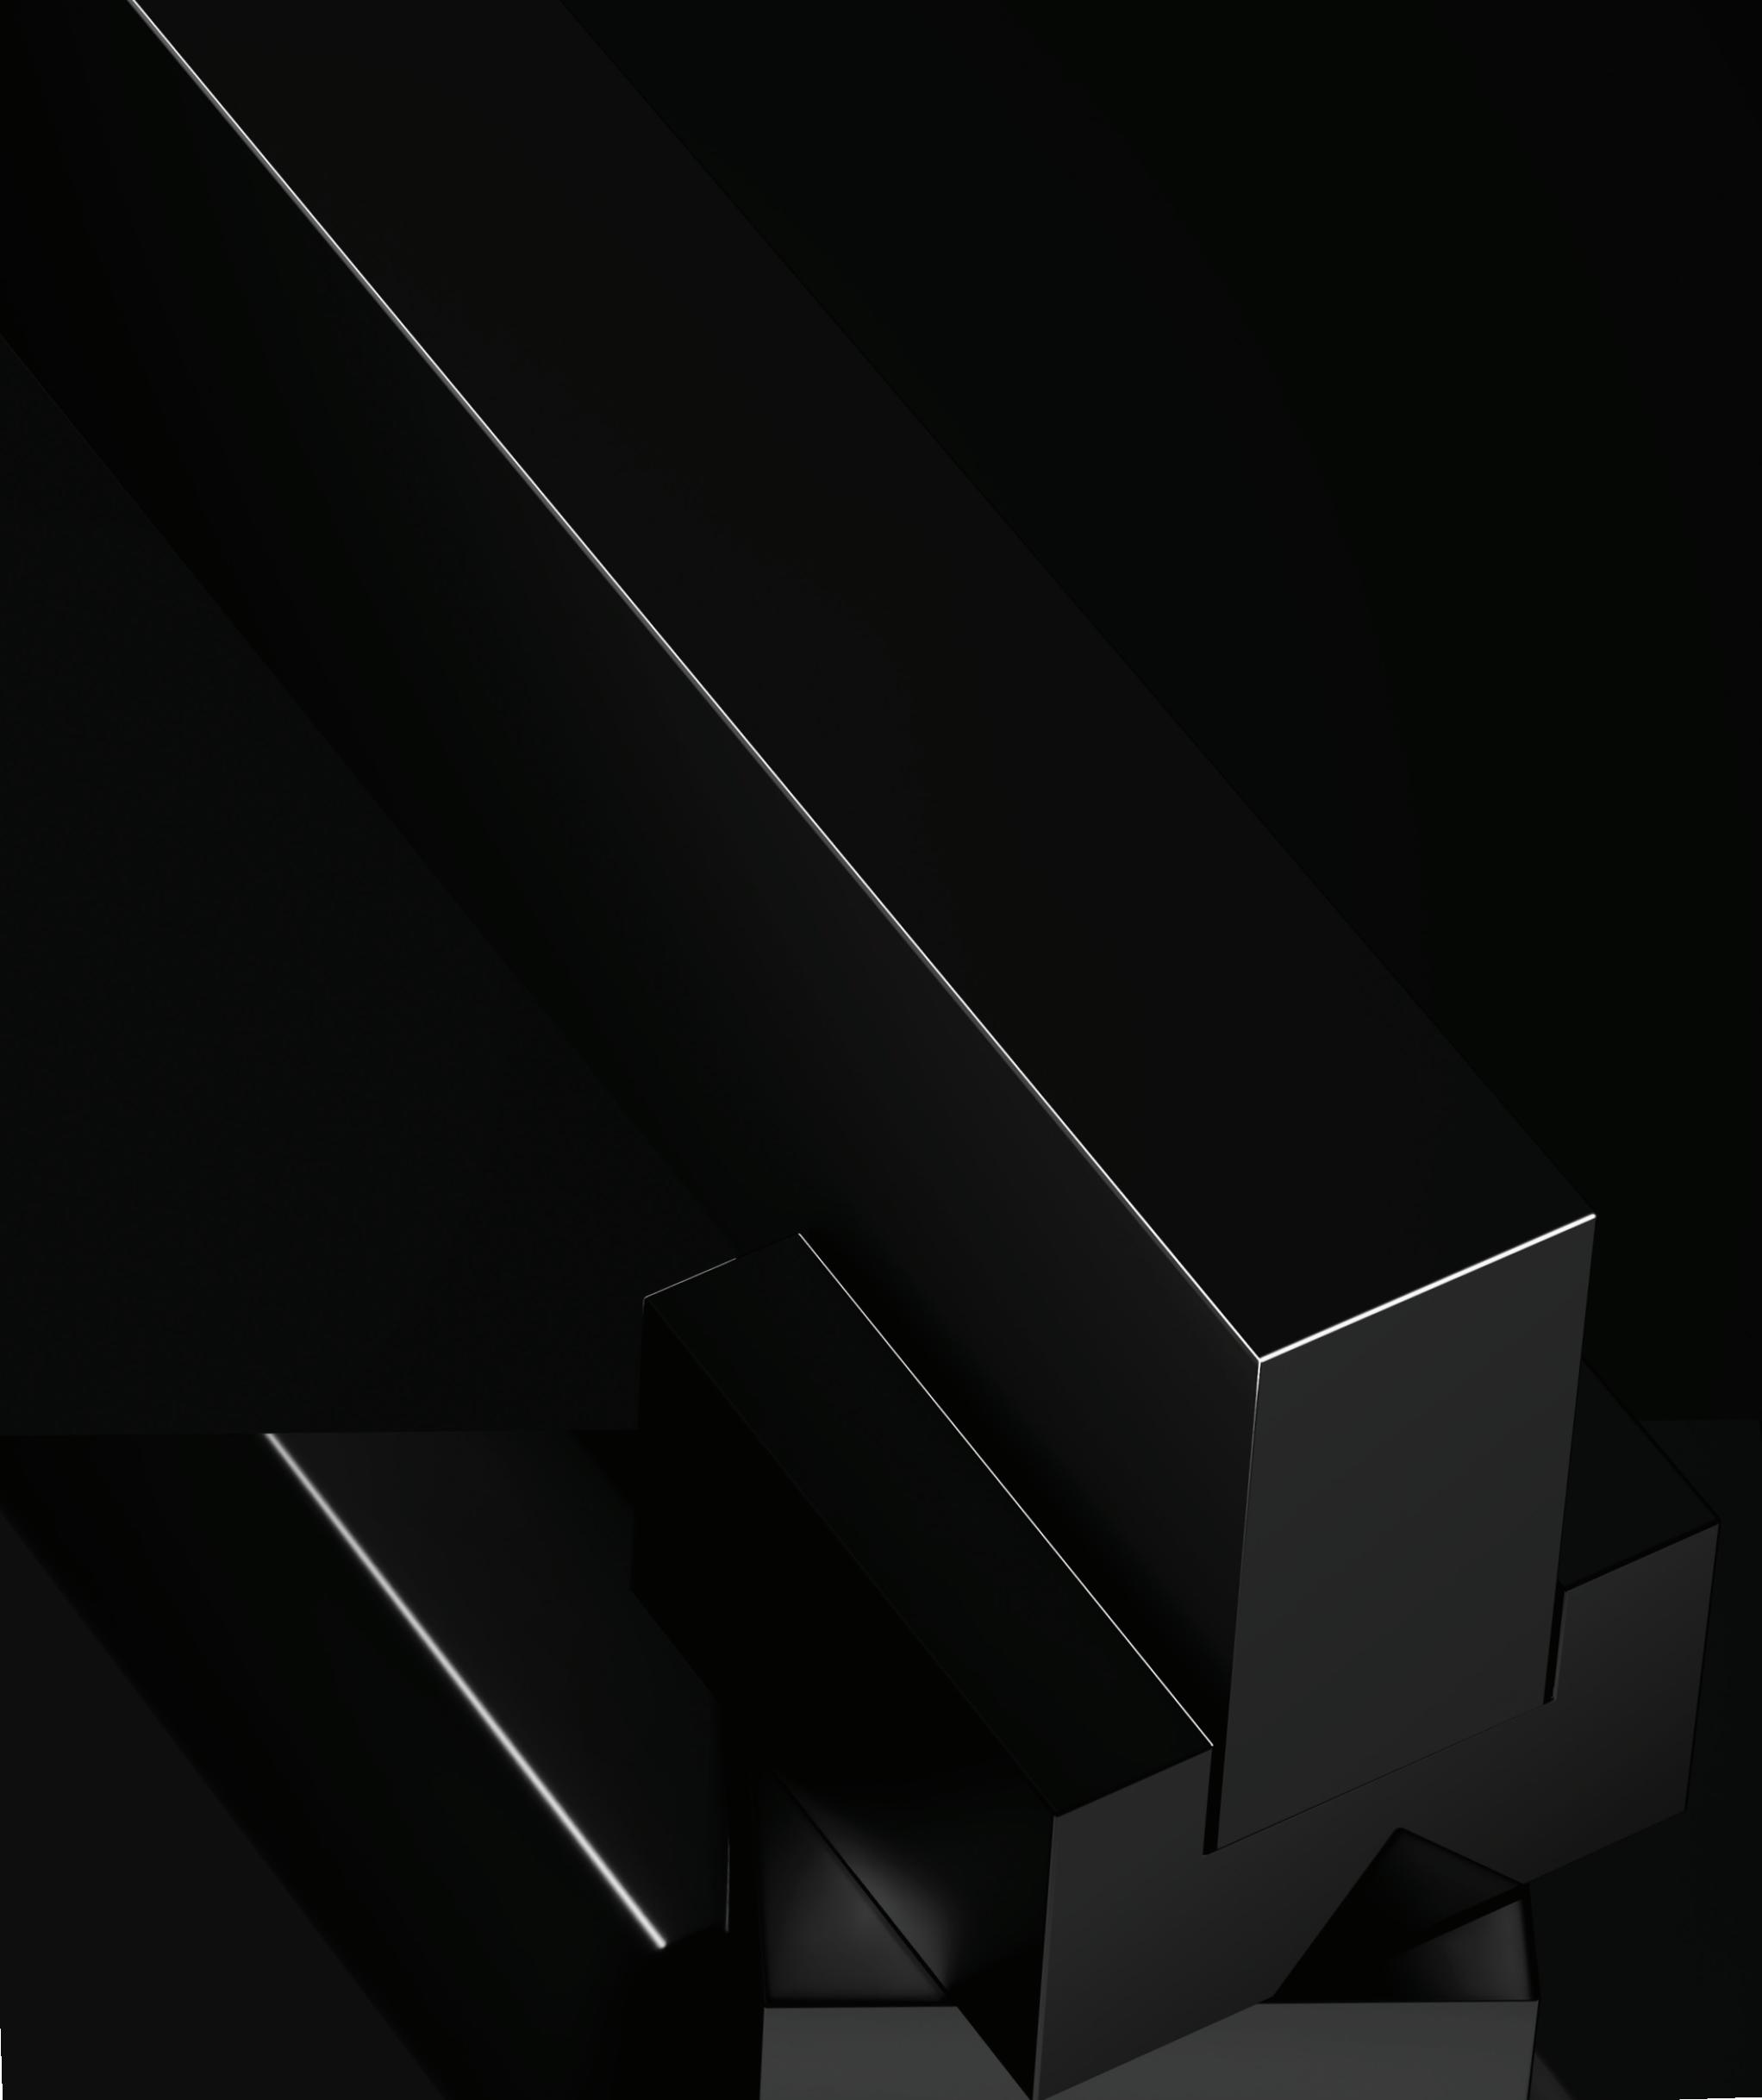

A high-gloss surface that elevates
each **CURVE AND CONTOUR.**

ARTIZE BLACK GLOSS PVD

Available across select Artize design ranges, the Black Gloss finish plays with light and shadow to create bath spaces that are intimate, expressive, and effortlessly elevated. And advanced PVD technology ensures lasting brilliance and high resistance to wear, corrosion, and fingerprints.

VIC

Inspired by a period in which a more lyrical and detailed aesthetic was the norm, VIC by Claudia Danelon and Federico Meroni is a modern neo-classic. A unique mix of the minimalistic soul of modernism, and the elegant and rich soul of classicism, VIC combines pure lines and understated shapes with refined, decorative details.

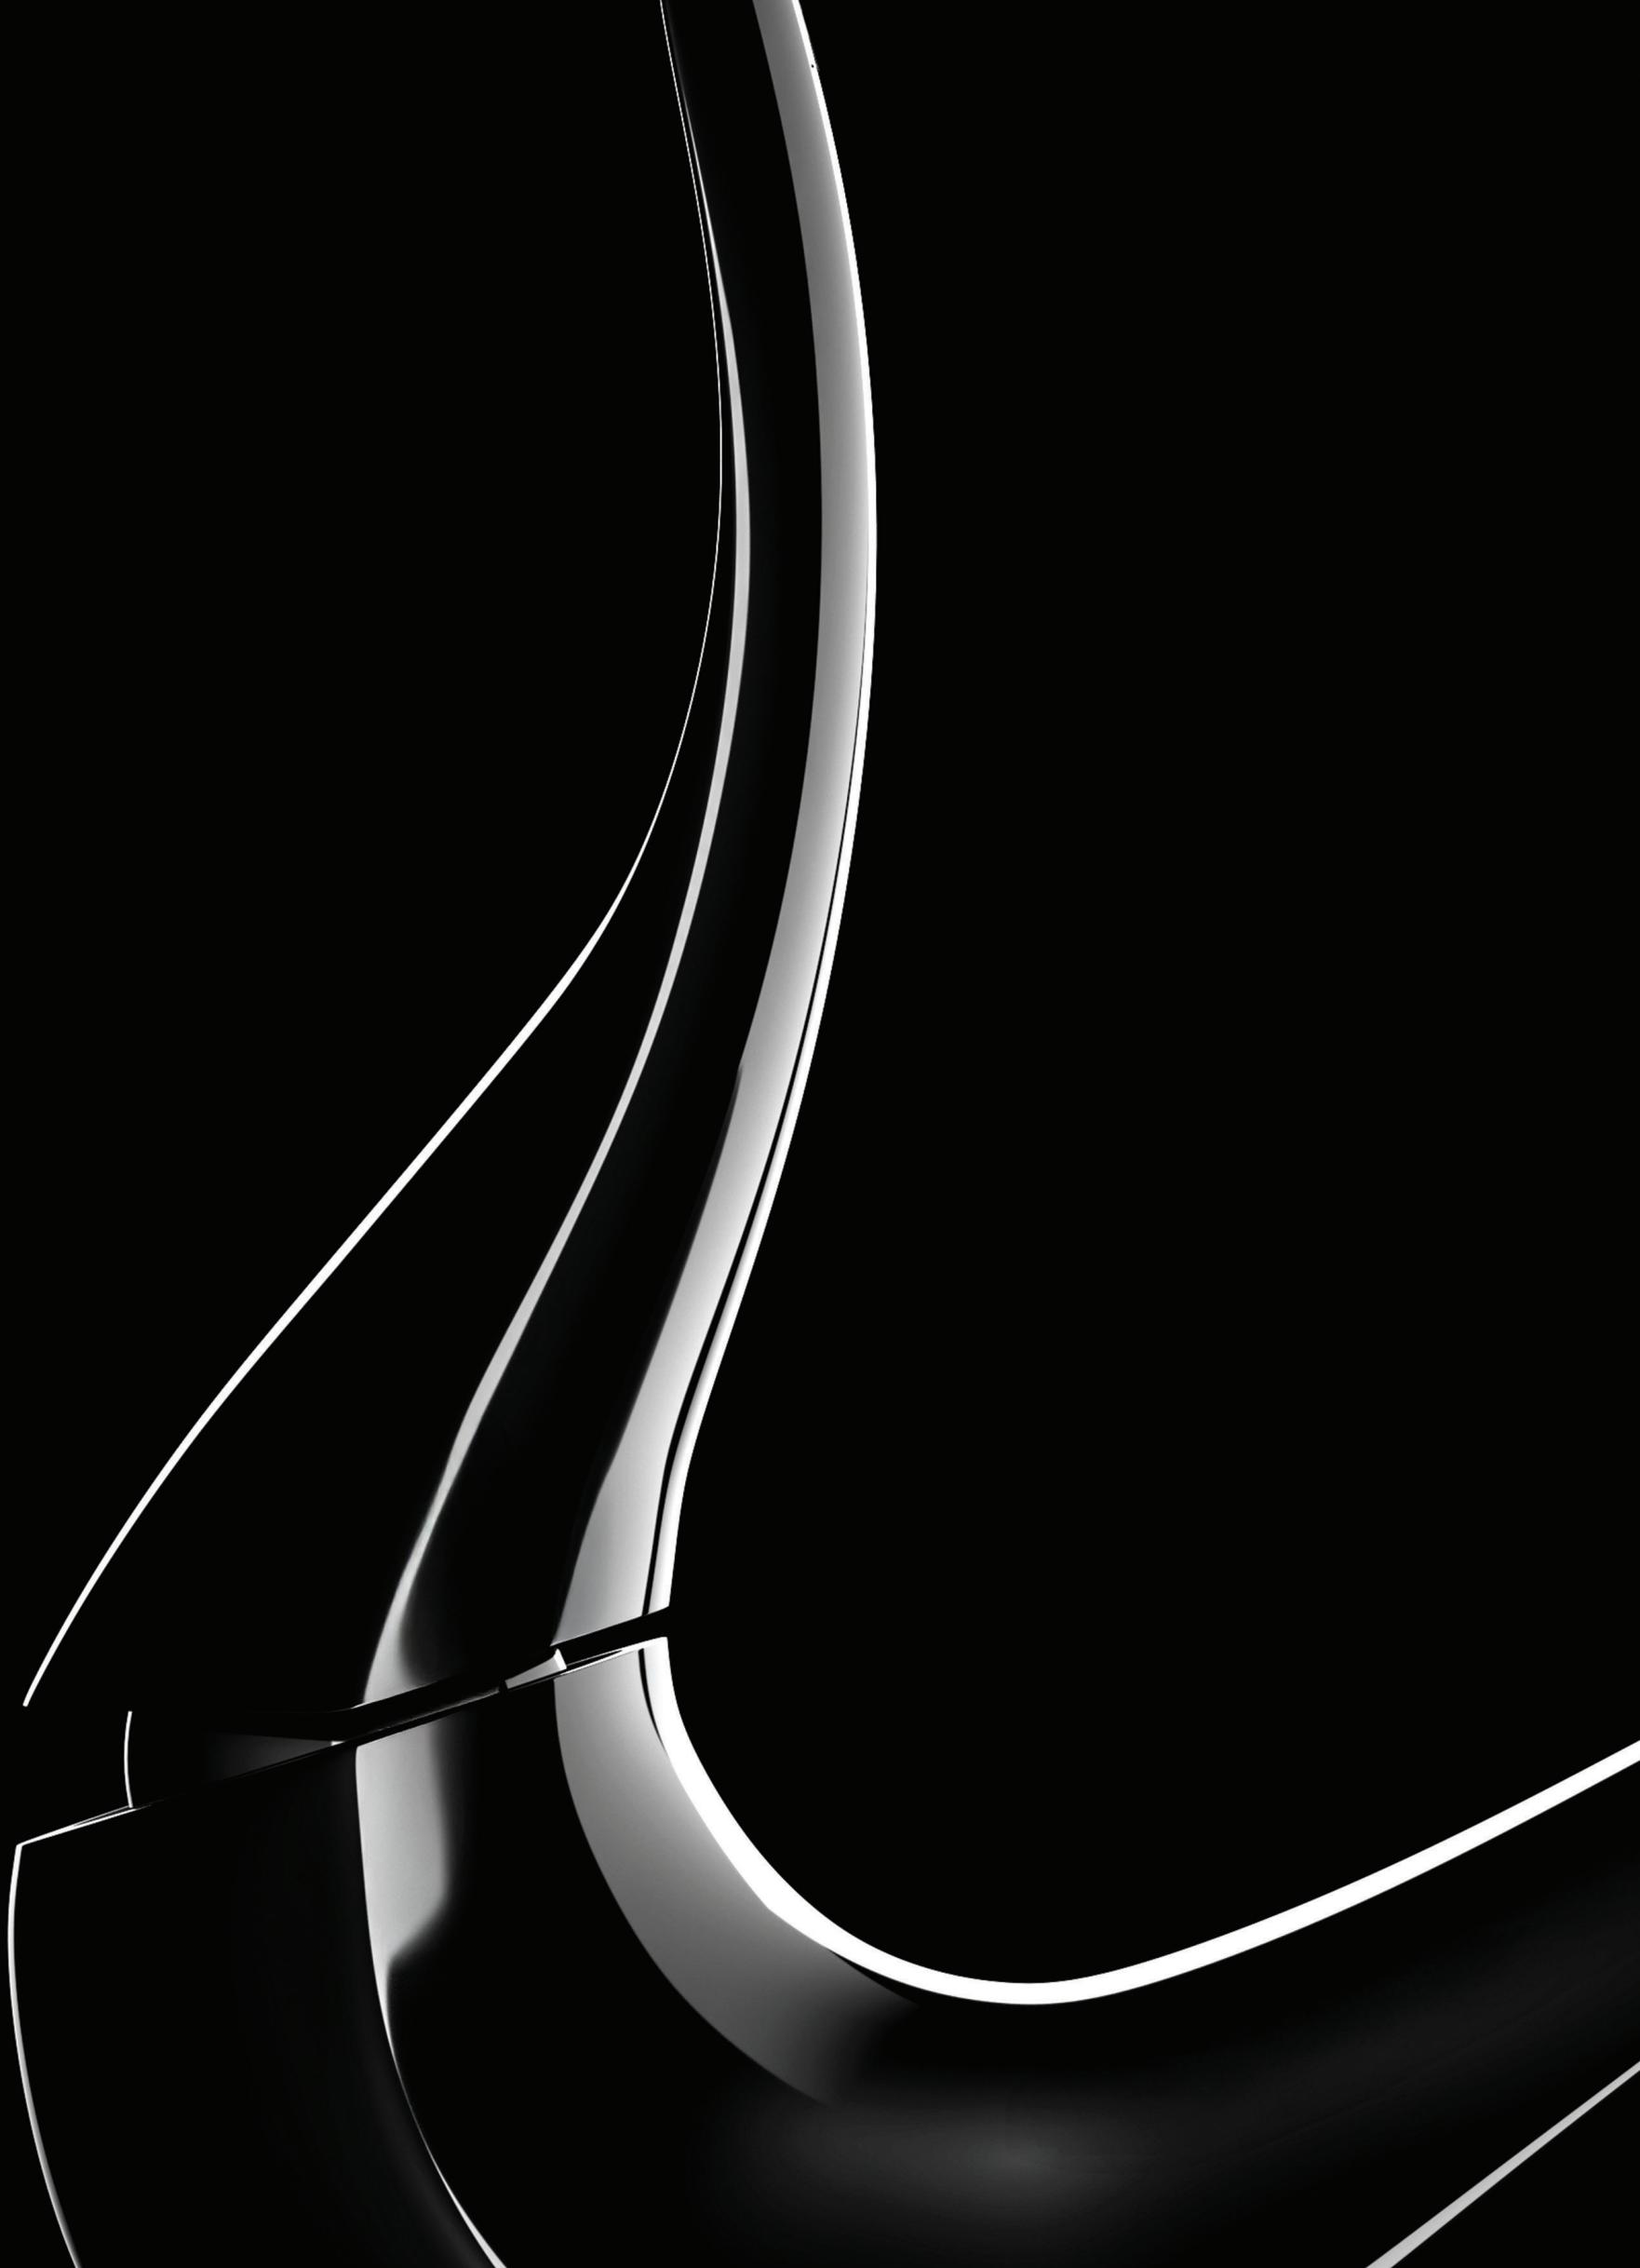

The design of the VIC collection is based on essential geometries - perfect circles and straight lines - but it's the detailing that transforms a modern shape into a sophisticated object.

VIC ACHIEVES THE PERFECT
EQUILIBRIUM BETWEEN
PAST AND PRESENT.

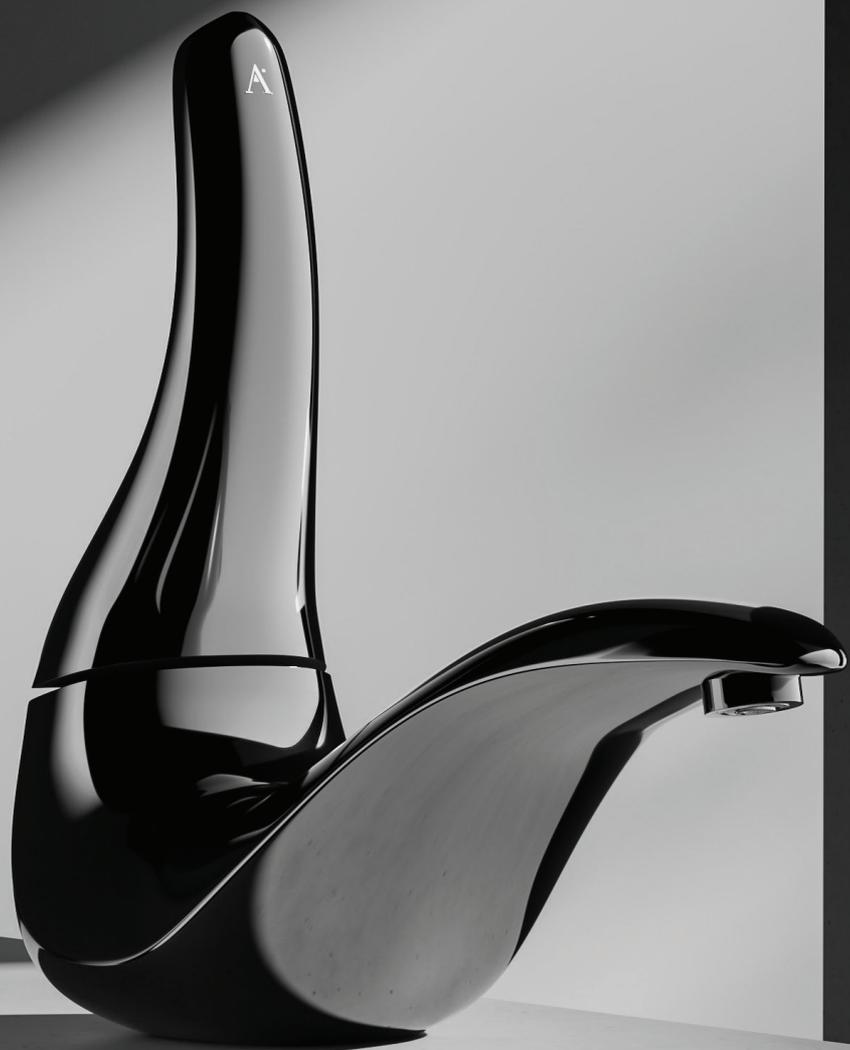

TAILWATER

A unique and graceful sculpture designed by Claudia Danelon, Tailwater is a striking and iconic piece of bathroom fitting - a new, minimalist design classic that captures a zoomorphic, abstract image of a bird perched on the edge of a pool, in a beautifully engineered piece of industrial design.

A UNIQUE,
ONE-OF-ITS-KIND
CREATION.

The lever and spout are united in a single, friendly form, which is simple and enjoyable to use.

The curve of the tap's body echoes the movement and flow of water. The 'tail' acts as a mixer lever, which moves smoothly backwards and to the left and right.

THE REFLECTIVE SURFACE
APPEARS AS SEAMLESS AS
LIQUID METAL.

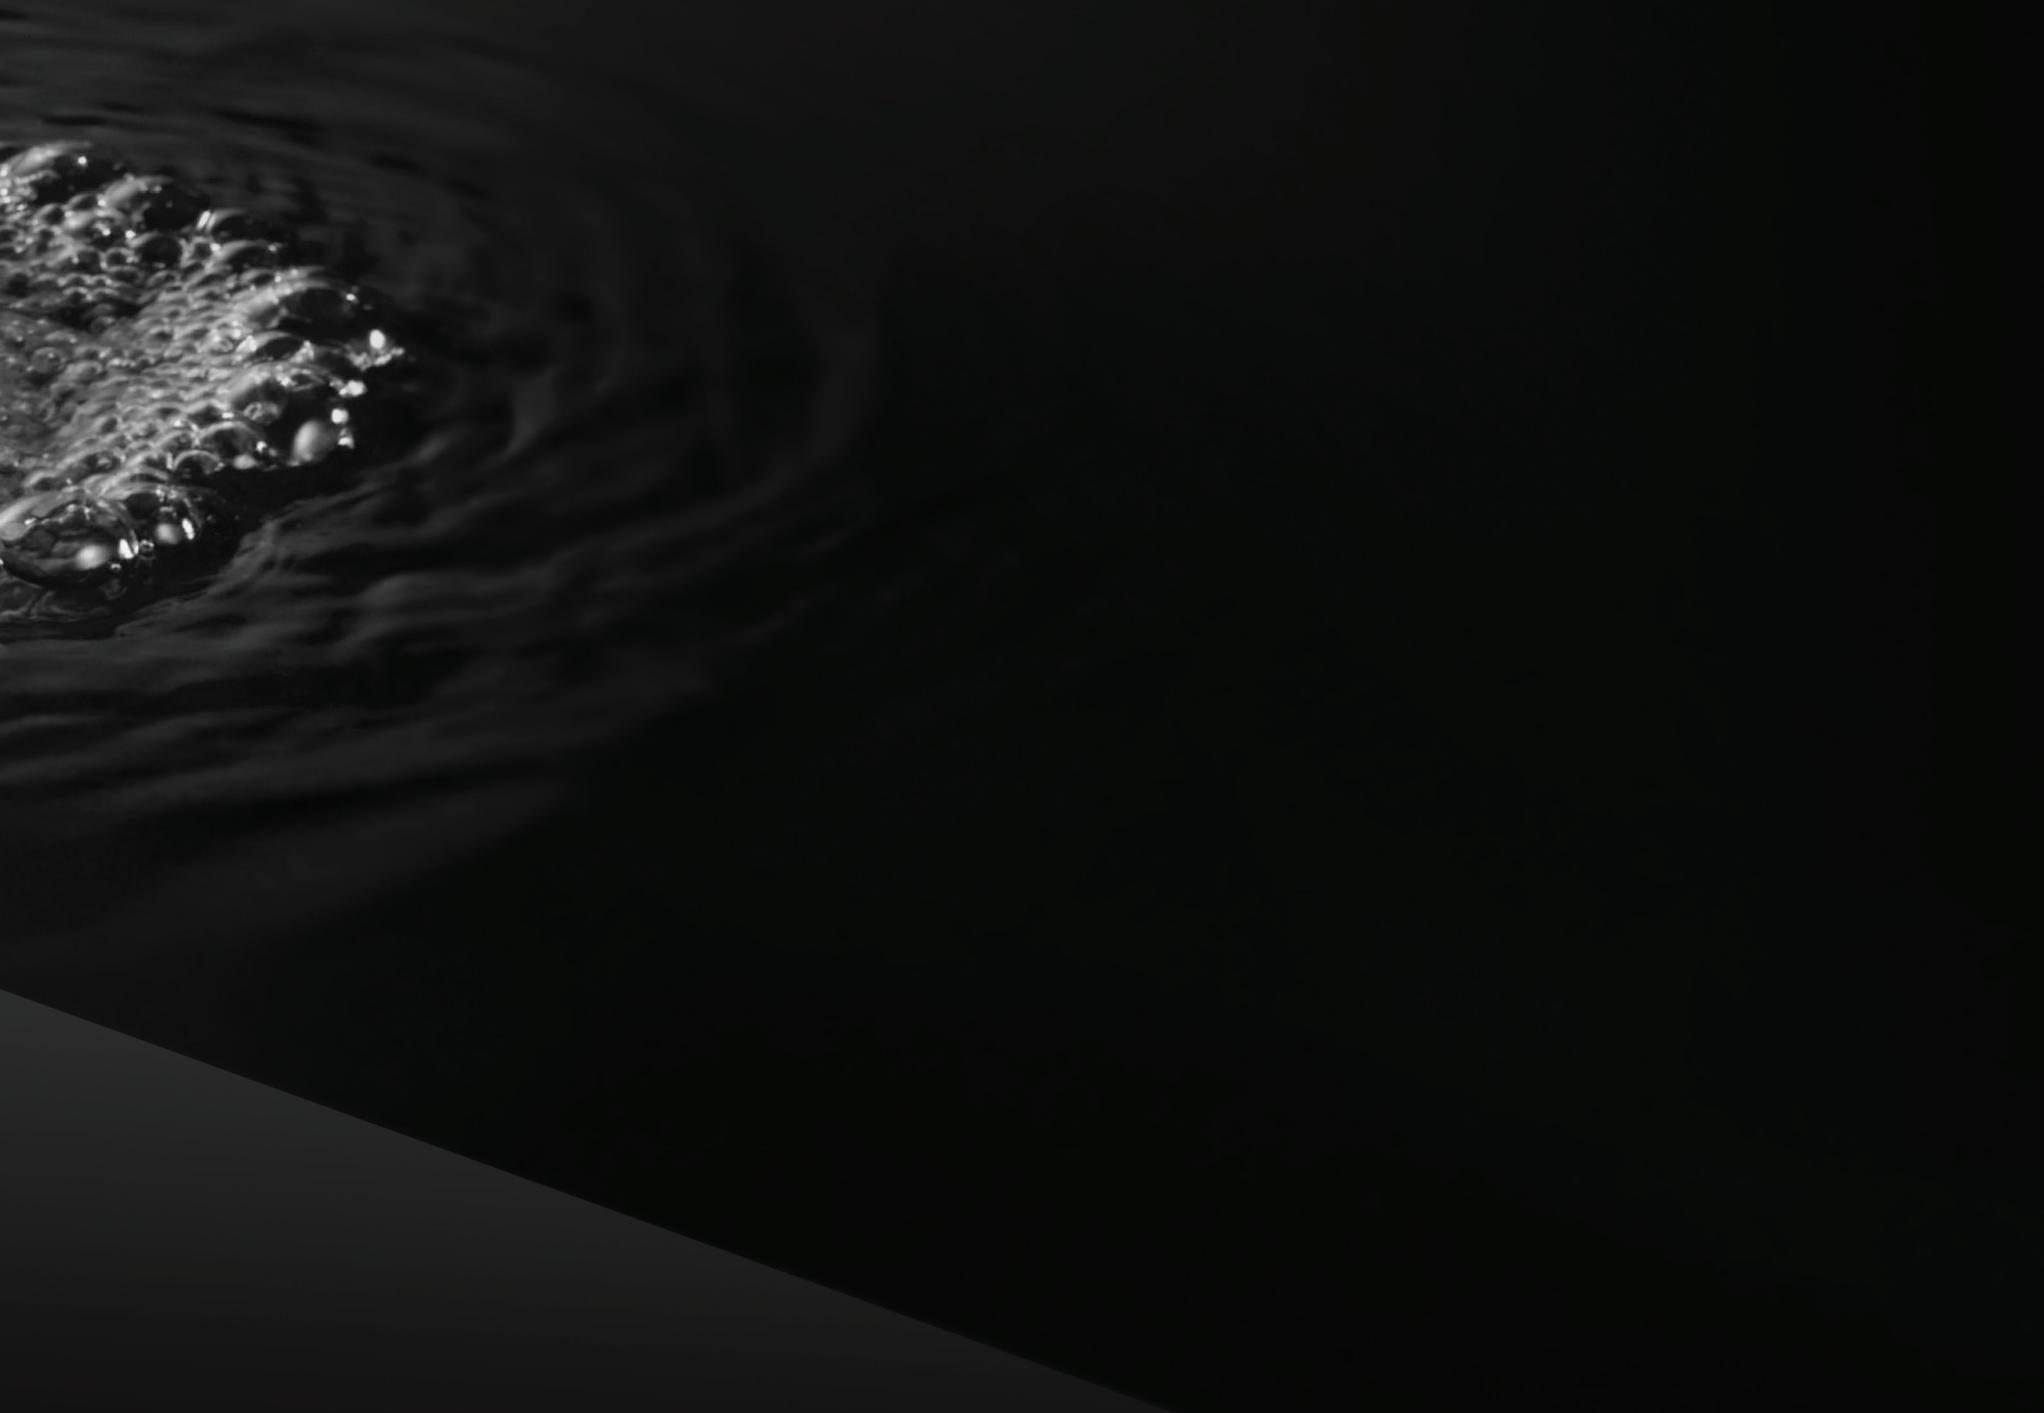

CONFLUENCE

Inspired by the age-old use of bamboo in channeling water from rivers and brooks, the Confluence basin mixer by Parichay Mehra has been designed to deliver a natural flow of peace and serenity into your bathroom.

The calming effect of naturally falling water has been replicated in Confluence by crafting a gentle flow that descends from a half-cut bamboo into your palms.

A NATURAL EXPERIENCE OF
ENGAGING WITH WATER.

LINEA

Designed by Parichay Mehra, Linea encapsulates a minimalist sensibility without compromising on functionality.

Linea is Artize's tribute to the purity of high-end functional design.

A DESIGN THAT
MAXES MINIMALISM.

A SIMPLE, STRIKING,
RECTANGULAR BAR WITH
A GRACEFUL ARC OF
MOVEMENT.

TIAARA

Jewellery for the bathroom. By Michael Foley.

Designed like a piece of jewellery with echoing ovals, it is a faucet that brings a unique sculptural quality to a commonplace function and elevates its usage into a memorable experience.

USAGE MADE
DESIRABLE.

Redefining the method of dispensing water,
Tiara's lever is an integral part of the faucet,
and intuitive to hold and swing out.

EFFORTLESS
FUNCTIONALITY IN
A STUNNING FORM.

NAVIA

Your daily touch of luxury.

By Matteo Thun and Antonio Rodriguez.

Navia's minimalist aesthetic, inspired by the iconic straight lines of French artist Daniel Buren, and the timeless architecture of columns, creates an atmosphere of pure elegance.

A STATEMENT
OF REFINED
TASTE.
